RADIO-TELEPHONE OPERATORS
SCHOOL AT UM JULY 8-AUG. 16

MISSOULA---

Thirty broadcasters will spend July 8-Aug. 16 on the University of Montana campus, Missoula, for the second annual First Class License Radio-Telephone Operators School, according to Thomas J. Collins, UM director of public services.

The school, sponsored by the Montana Broadcasters Association (MBA) and the Elkins Institute of Radio and Electronics, Dallas, Tex., will provide a comprehensive course designed for those who are interested in securing a first class radio-telephone license.

Classes taught by an experienced Elkins Institute instructor will be held in Room 307 of the Liberal Arts building on the UM campus, beginning each morning at 8 o'clock.

Campus dormitories and food service are available for participants.

The MBA is the first state broadcasters association to fill the need of a sufficient number of first class operators.

A Federal Communications Commission examiner will be on campus August 16 to give the first-class license exam to course participants.
